table of contents.....	1
version 0.1.0 or 1.21.1-0.1.0.....	1
version 0.1.1 or 1.21.1-0.1.1.....	1

version 0.1.0 or 1.21.1-0.1.0

Published on Curseforge and Modrinth on 7th of November 2025.

This version adds only 1 item and 2 blocks and recipes to craft tin blocks and tin ingots from tin blocks. A creative menu tab. Tin Ore block doesn't generate in this version

version 0.1.1 or 1.21.1-0.1.1

This version hasn't been released yet as of November 14th of 2025. This version will include a block entity, some kind of compatibility library for Just Enough Items or JEI and Kubejs (possibly). A custom recipe type for the block/tile entity. Currently no ETA for release. Github milestone "0.1.1" is due by 31st of January 2026.
